CITY COUNCIL AGENDA MEMO

From: Peter Nierengarten, Sustainability & Strategic Planning Director *PN*

Date: October 30, 2013

Subject: ADM 13-4486 Outdoor Mobile Vendor Ordinance Amendments

RECOMMENDATION:

Staff recommends approval of an ordinance amending the Unified Development Code Chapter 178: Outdoor Vendors to clarify existing regulations, create a short and long term permit process and to allow for mobile food trucks to operate daily on private property.

BACKGROUND:

The City Council adopted the Outdoor Vendor Chapter in the Unified Development Code in 2008. Previously, the City administered vendor licensing through a Transient Merchant License. Since 2008 the section of this code that deals with outdoor mobile vendors operating on private property has been amended twice in order to expedite the process and to allow vendors to locate in the same place for time periods longer than the original 90 day limitation.

Recently Planning Staff and Alderman Petty have discussed a number of amendments to this code. The first would be to create an extended permitting process that would allow vendors to get a permit to set up and operate in the same location for a calendar year. Additionally, staff has extended the temporary permit from 90 days to 6 months. And finally, staff is proposing to rename the sidewalk vendor section and add a new section that would permit mobile food trucks to operate on private property on a daily basis. The following bullet points highlight the proposed amendments to the existing Outdoor Mobile Vendor code:

- Mobile vendors shall not match or duplicate the primary food or beverage offerings sold by permanent businesses located upon property immediately adjacent to and on the same side of the street of the proposed mobile vendor location.
- All permits would be granted to the property owner and the outdoor mobile vendor operator jointly. This will place the responsibility of compliance with the ordinance on both the mobile vendor operator and the property owner.
- A temporary permit would be extended from the current 90 days to six months. This will allow for a longer "season" for seasonal operators such as snow cone businesses which typically operate for five months. Staff also feels that six months allows a vendor to adequately test and evaluate their business model at a specific location.
- The temporary permit requirement to move locations after six months would allow for relocation within ¼ mile instead of the current ½ mile.

- The “Variance” section has been renamed as an “Annual Permit” and shall be limited to one year. Annual permits will be granted by the Planning Commission which may impose conditions and restrictions on the mobile vendor business or the property owner such as landscape improvements, parking lot improvements or permanent restroom facilities, etc. The mobile vendor may continue to request extended permits for the same location year after year. Mobile vendor courts will be able to form through the use of the annual permit process.
- Mobile vendors seeking a temporary (6 month) permit are approved administratively after meeting the requirements of the ordinance. Outdoor mobile vendors seeking an annual permit shall provide a list of nearby similar businesses that includes the name, products sold or services rendered and the distance from the proposed mobile vendor location.
- A number of existing business operations that are regulated by other codes would be exempted from this chapter including; special events, fireworks sales, etc.
- A list of prohibited conduct is included and a section outlining the process for suspending or revoking the permit is added.
- Outdoor mobile vendors shall comply with the Federal Americans with Disability Act (ADA) requirements if the public has access to the interior of any mobile vending unit.

The following bullet points highlight the proposed amendments to the existing sidewalk vendor ordinance adding a new section regulating food trucks located on private property:

- A food truck is a motorized and operational self contained vehicle equipped with facilities for cooking and selling food that is removed daily from the property on which it vends food. Food trucks may be permitted to locate on private property on an annual basis through and administrative process when all conditions of the ordinance have been met.
- Food truck permits would be granted to the property owner and the outdoor mobile vendor operator jointly.
- The food truck shall not match or duplicate the primary food or beverage offerings sold by permanent businesses located upon property immediately adjacent to and on the same side of the street of the proposed food truck location.
- Food truck permits are good for only one location, but food trucks may hold permits for multiple locations.

DISCUSSION

The Planning Commission heard this item at their October 15, 2013 meeting and proposed minor changes to the code. The Planning Commission forwarded this item to the City Council with a recommendation of approval for the amended version with a 7-2-0 vote. Staff supports Planning Commission’s amendments and has included their recommended language in the ordinance.

(A) *Purpose.*

(1) *Sidewalk Vendors.* Public rights-of-way are designed for free and unobstructed travel. However, the City of Fayetteville recognizes that certain development patterns with wide sidewalks are unique and that certain public amenities are not inconsistent with the underlying dedication for the public right-of-way, as long as they do not impede travel or interfere with the public safety. This ordinance is designed to regulate open air vending of goods on public rights-of-way.

(2) *Food Trucks.* The City of Fayetteville encourages a diversity of business opportunities and support entrepreneurship by establishing ordinances designed to allow mobile food trucks to flourish in the city. Food trucks may be permitted to locate on private property on an annual basis through an administrative approval process. Food trucks may also be permitted to operate on public property temporarily if approved through a special event permit process administered by the City. In all cases, food trucks shall be removed daily from the property on which they were vending.

(B) *Sidewalk Vendor and Food Truck Authorization.* The Zoning and Development Administrator may issue a permit for a sidewalk vendor or food truck to use a specific sidewalk, plaza location or private property for specified hours to sell specified goods for up to a one year period. In addition to the general use requirements, the Zoning and Development Administrator shall ensure that no permit is granted unless:

- (1) The applicant has obtained all necessary permits from State or County authorities.

(C) *Permit Application.* Each application for a sidewalk vendor or food truck permit shall be accompanied by a \$100 application and permit fee. Food truck permits shall be accompanied by the \$100 permit fee for each location requested for approval. All permits issued after July 1st shall be accompanied by a \$50 application and permit fee. Each permit will expire at 3 a.m. on January 1st following the year issued. The permit fee shall be collected prior to issuance of the permit.

(1) Application for a sidewalk vendor or food truck permit shall include the following items in a format acceptable to the Zoning and Development Administrator:

In making this determination, the Planning Commission shall consider the following criteria:

(1) The application meets all other criteria established herein for a sidewalk vendor, with the exception that the applicant may request that the cart, and/or operating area, may be larger than the dimension required in this chapter. An increase in cart size or operating area may be considered by the Planning Commission as a variance and does not require conditional use permit review. The determination of a larger cart size and/or operation area shall be subject to the variance criteria in Chapter 156.03(C).

(2) The number of permits issued for the sidewalk vending location shall not exceed the capacity of the area in terms of maintaining the use of the sidewalk as a public right-of-way. The Planning Commission shall consider the width of sidewalk, the proximity and location of existing street furniture, including, but not limited to: signposts, lamp posts, parking meters, bus shelters, benches, phone booths, street trees and newsstands, as well as the presence of bus stops, truck loading zones, or taxi stands to determine whether the proposed use would result in pedestrian or street congestion.

be removed from the public right-of-way during non-operational hours.

- (8) Prior to final approval, Planning Staff shall inspect the sidewalk vendor set up in the proposed location. The applicant shall make an appointment between the hours of 8 a.m. to 5 p.m. in which Planning Staff will inspect the cart and all proposed accessories such as coolers, trash receptacle, chairs, etc. that the applicant is proposing for the site.
