CITY COUNCIL AGENDA MEMO

To: Mayor Jordan, City Council

Thru: Don Marr, Chief of Staff
Jeremy Pate, Director of Development Services 

From: Quin Thompson, Current Planner

Date: November 25, 2013

Subject: RZN 13-4538: Rezone (731 S Razorback Road/Victory Commons)

RECOMMENDATION: The Planning Commission and Staff recommend approval of an ordinance to rezone the property to UT, Urban Thoroughfare.

BACKGROUND: The subject property is located at 731 S Razorback Road. The property is within the I-1, Heavy Commercial and Light Industrial zoning district and contains multiple lots totaling approximately 5.09 acres. The property contains an existing warehouse building of approximately 12,500 square feet, built in 1972.

CITY PLAN 2030 FUTURE LAND USE MAP: *City Plan 2030 Future Land Use Plan designates this site as Urban Center Area.*

Urban Center Areas contain the most intense and dense development patterns within the City, as well as the tallest and greatest variety of buildings. They accommodate rowhouses, apartments, local and regional retail, including large-scale stores, hotels, clean tech industry and entertainment uses. These areas are typified by their location adjacent to major thoroughfares with high visibility, usually automobile-dependent customers and large areas dedicated to parking. It is expected that vacant properties will be developed into traditional mixed-use centers, allowing people to live, work and shop in the same areas. Additionally, infill of existing development centers should be strongly encouraged, since there is greater return for properties already served by public infrastructure.

COMPATIBILITY: This property is currently in various uses typical of light industry, such as warehousing and industrial use. The neighborhood has, however, been developing recently with multi-family housing and a variety of commercial and office buildings. The proposal to rezone the property to UT, Urban Thoroughfare, will allow the property to be used for commercial or residential opportunities that are consistent with surrounding land uses and the City Plan 2030 designation as an *Urban Area*.

The UT zoning district is a significant downzone from I-1, and will provide opportunity for re-development that is more compatible with recent residential and commercial development than the current zoning allows. As discussed, with the recent rezoning and re-development of the adjacent properties to the west from I-1 to CS, Community Services, the rail line spur in this immediate vicinity

has not been used for many years and market demand for industrial use in this neighborhood is not anticipated.

DISCUSSION: On November 25, 2013, the Planning Commission forwarded this item to the City Council with a recommendation of approval with a vote of 8-0-0.

BUDGET IMPACT: None.

ORDINANCE NO.

AN ORDINANCE REZONING THAT PROPERTY DESCRIBED IN REZONING PETITION RZN 13-4538, FOR APPROXIMATELY 5.09 ACRES, LOCATED AT 731 S RAZORBACK ROAD FROM I-1, HEAVY COMMERCIAL AND LIGHT INDUSTRIAL, TO UT, URBAN THOROUGHFARE

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FAYETTEVILLE, ARKANSAS:

Section 1: That the City Council of the City of Fayetteville, Arkansas hereby changes the zone classification of the following described property from I-1, Heavy Commercial and Light Industrial to UT, Urban Thoroughfare, as shown on Exhibits "A" and "B" attached hereto and made a part hereof.

Section 2: That the City Council of the City of Fayetteville, Arkansas hereby amends the official zoning map of the City of Fayetteville to reflect the zoning change provided in Section 1.

RZN 13-4538: Rezone (RAZORBACK RD./VICTORY COMMONS, 560): Submitted by PARADIGM DEVELOPMENT for property located at RAZORBACK ROAD. The property is zoned I-1, HEAVY COMMERCIAL AND LIGHT INDUSTRIAL and contains approximately 5.17 acres. The request is to rezone the property to UT, Urban Thoroughfare.

Planner: Quin Thompson

BACKGROUND:

Property and Background: The subject property is located west of Razorback Road near Martin Luther King Boulevard. The property is within the I-1 zoning district and contains multiple lots totaling approximately 5.17 acres. The property contains an existing warehouse building of approximately 12,500 square feet, built in 1972.

The north edge of the property shows a multi-use trail according to the Fayetteville Alternative Transportation and Trails (FATT) plan. On the south property line there is an existing rail corridor. Surrounding land use and zoning is depicted on *Table 1*.

**Table 1
Surrounding Land Use and Zoning**

Direction from Site	Land Use	Zoning
North	Filling Station, Franchise Restaurants	C-2, Thoroughfare Commercial
South	State of Arkansas(DMV), Rail corridor	I-1, Heavy Commercial and Light Industrial
East	Undeveloped	R-O, Residential Office/RMF-24, Residential Multi-family 24 units per acre
West	Commercial Warehouse	I-1, Heavy Commercial and Light Industrial(to be rezoned CS)

Request: The request is to rezone the property from I-1, Heavy Commercial and Light Industrial, to UT, Urban Thoroughfare.

Public Comment: Staff has not received public comment.

RECOMMENDATION:

Staff recommends forwarding RZN 13-4538 to the City Council with a recommendation for **approval** based on findings stated herein.

INFRASTRUCTURE:

- Streets:** The site has access to Razorback Road, a fully improved five lane city street in this location. Street improvements will be evaluated at the time of redevelopment.
- Water:** Public water is available to the property. There is both an 8” main along Razorback Road and a 12” water main within the property boundary.
- Sewer:** Sanitary sewer is available to the site. There is an 8” sewer main along Razorback Road which joins a 24” sewer main along the subject frontage.
- Drainage:** Standard improvements and requirements for drainage will be required for any development. This property is not affected by the 100-year floodplain and the Streamside Protection Zones.
- Fire:** This development will be protected by Engine 6 located at 900 S. Hollywood Dr. It is 2 miles from the station with an anticipated response time of 4 minutes to the beginning of the development.
- Police:** The Police Department made no comment.

CITY PLAN 2025 FUTURE LAND USE PLAN: *City Plan 2030 Future Land Use Plan designates this site as Urban Center Area.*

Urban Center Areas contain the most intense and dense development patterns within the City, as well as the tallest and greatest variety of buildings. They accommodate rowhouses, apartments, local and regional retail, including large-scale stores, hotels, clean tech industry and entertainment uses. These areas are typified by their location adjacent to major thoroughfares with high visibility, usually automobile-dependent customers and large areas dedicated to parking. Although **Urban Center Areas** recognize the conventional big-box and strip retail centers developed along major arterials, it is expected that vacant properties will be developed into traditional mixed-use centers, allowing people to live, work and shop in the same areas. Additionally, infill of existing development centers should be strongly encouraged, since there is greater return for properties already served by public infrastructure.

FINDINGS OF THE STAFF

1. A determination of the degree to which the proposed zoning is consistent with land use planning objectives, principles, and policies and with land use and zoning plans.

Finding: This property is currently partly developed with a warehouse built in 1972. The proposal to rezone the property to UT, Urban Thoroughfare, will allow the property to be developed with commercial and/or residential uses that are consistent with City policies and goals for the neighborhood. The City Plan 2030 Future Land Use Map designates this area as Urban Center. This designation encourages height, density, and variety of use in order to create compact urban neighborhoods.

2. A determination of whether the proposed zoning is justified and/or needed at the time the rezoning is proposed.

Finding: The proposed rezoning is justified due to the fact that the area's current industrial zoning designation is becoming incompatible with surrounding properties as redevelopment occurs. The proposed zoning will allow the owner to utilize the property for residential and commercial uses, which are compatible with the City Plan 2030 Future Land Use Map.

3. A determination as to whether the proposed zoning would create or appreciably increase traffic danger and congestion.

Finding: The site access has access to Razorback Road, a fully improved five lane street. The proposed zoning would allow uses likely to increase traffic, but it is unlikely that traffic danger or congestion would be appreciably increased. Street improvements will be evaluated at the time of development.

4. A determination as to whether the proposed zoning would alter the population density and thereby undesirably increase the load on public services including schools, water, and sewer facilities.

Finding: **Rezoning the property from industrial to mixed use will allow for the development of residential and commercial uses, however development should not undesirably increase the load on public services. The Police and Fire Departments have expressed no objections to the proposal.**

5. If there are reasons why the proposed zoning should not be approved in view of considerations under b (1) through (4) above, a determination as to whether the proposed zoning is justified and/or necessitated by peculiar circumstances such as:
 - a. It would be impractical to use the land for any of the uses permitted under its existing zoning classifications;
 - b. There are extenuating circumstances which justify the rezoning even though there are reasons under b (1) through (4) above why the proposed zoning is not desirable.

Finding: N/A

161.27 District I-1, Heavy Commercial and Light Industrial

(A)*Purpose.* The Heavy Commercial District is designed primarily to accommodate certain commercial and light industrial uses which are compatible with one another but are inappropriate in other commercial or industrial districts. The Light Industrial District is designed to group together a wide range of industrial uses, which do not produce objectionable environmental influences in their operation and appearance. The regulations of this district are intended to provide a degree of compatibility between uses permitted in this district and those in nearby residential districts.

161.21 Urban Thoroughfare

(A) *Purpose.* The Urban Thoroughfare District is designed to provide goods and services for persons living in the surrounding communities. This district encourages a concentration of commercial and mixed use development that enhances function and appearance along major thoroughfares. Automobile-oriented development is prevalent within this district and a wide range of commercial uses is permitted. For the purposes of Chapter 96: Noise Control, the Urban Thoroughfare district is a commercial zone. The intent of this zoning district is to provide standards that enable development to be approved administratively.

A written description of this request addressing the following items:

- a. Current ownership information and any proposed or pending property sales.

The Property to be rezoned is currently owned by Tracy Hoskins, Victory Commons, LLC, and Allied Bank. No sales are pending.

- b. Reason (need) for requesting the zoning change.

Changes due to market conditions and the property is currently zoned I-1 Industrial. The property is better suited for mixed-use commercial/residential – as designated in our CityPlan 2030.

- c. Statement of how the proposed rezoning will relate to surrounding properties in terms of land use, traffic, appearance, and signage.

Proposed Zoning will be very compatible to the existing zoning of the surrounding neighborhood in terms of intensity and uses. The immediate area is a redeveloping area of student housing and commercial. The property is located just off of MLK and along the recently widened blvd Razorback Road – two major arterial roads. The requested zoning should not negatively impact existing traffic conditions. This is currently a brown field site. With the appropriate UT zoning, the property can be redeveloped into an attractive and useful enhancement to the community. Signage will be as allowed within the UT regulations.

- d. Availability of water and sewer (state size of lines). This information is available from the City Engineering Division.

The property is currently served by a 12” water main along the street frontage (Razorback Road) and 8”and 24” sewer main also along the street frontage (Razorback Road)

- e. The degree to which the proposed zoning is consistent with land use planning objectives, principles, and policies and with land use and zoning plans.

The property will be rezoned from Industrial to formed-based zoning Urban Thoroughfare – consistent with the 2030 Future Land Use designation of Urban Center Area

- f. Whether the proposed zoning is justified and/or needed at the time of the request.

The Proposed Zoning is justified and needed as the property is currently zoned for Industrial use which is not a desirable or practical zoning for the property, nor is it the highest and best use of the property.

- g. Whether the proposed zoning will create or appreciably increase traffic danger and congestion.

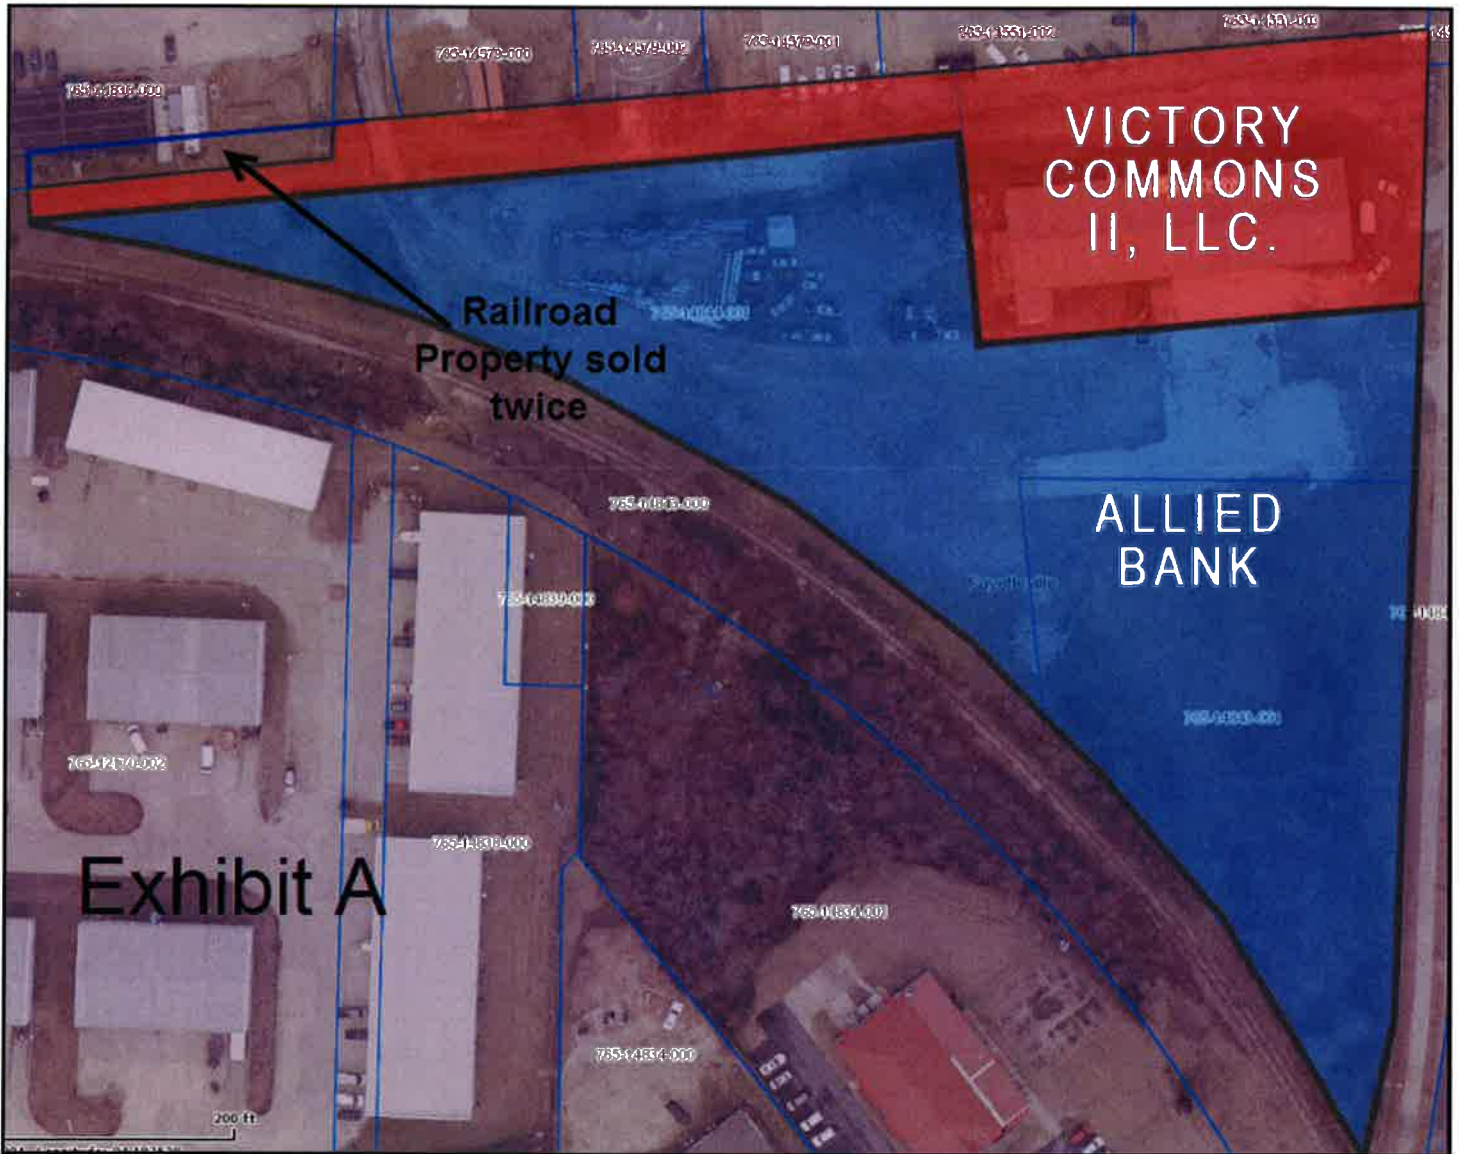

The property is located just off of MLK and along the recently widened blvd Razorback Road. The requested zoning should not negatively impact existing traffic conditions.

- h. Whether the proposed zoning will alter the population density and thereby undesirably increase the load on public services including schools, water, and sewer facilities.

We expect that the property will eventually somewhat increase the population density in the immediate area. However, this is the type of land use and density we as a city are trying to promote.

- i. Why it would be impractical to use the land for any of the uses permitted under its existing zoning classification.

Currently, there are no uses permitted other than those relative and permitted un Industrial zoning. While industrial zoning does include some permitted uses such as limited multifamily, eateries, etc.; the zoning also permits undesirable uses as well – by right.
